Fire Protection

Operational Fire Protection

Plant Equipment

VdS 2371en : 1993-10 Flue Gas Desulphurisation Plants (FGD), Guidelines for Fire Protection

Electrical Installations

Systems and Components

VdS 2858en : 2004-03 Thermography in Electrical Installations, a contribute to loss prevention and operational reliability

Fire Protection Concepts for special Sectors and Plants

Waste Disposal

VdS 2371en : 1993-10 Flue Gas Desulphurisation Plants (FGD), Guidelines for Fire Protection

Energy Production

VdS 3523en : 2008-07 Wind turbines, Fire protection guideline

VdS 2371en : 1993-10 Flue Gas Desulphurisation Plants (FGD), Guidelines for Fire Protection

Special Buildings

VdS 3502en : 2005-08 Fire Protection in Road Tunnels, Leaflet

Fire Protection Systems

General

VdS 5462en : 2006-09 Inspection of wall hydrants and extinguishing water pipes

VdS 5490en : 2009-05 The Inspection Services

VdS 2562en : 1997-06 VdS-Approval of new Extinguishing Techniques, Procedures (Draft)

VdS 3115en : 2009-06 VdS-Approval of New Protection Concepts, Procedures

VdS 2350en : 2005-11 Key Deposit Boxes (KDB), Planning, Installation and Maintenance

VdS 2496en : 2005-09 Triggering of Fire Extinguishing Systems, Guidelines

Fire Detection and Alarm Systems

Planning and Installation

VdS 2095en : 2005-02 Automatic Fire Detection and Fire Alarm Systems, Planning and Installation

VdS 2465en : 1999-03 Transmission protocol for Alarm Systems (AS)

VdS 2465-S1en : 2001-05 Transmission protocol for Alarm signals/messages; Amendment S1: Correction and adaption of record types

VdS 2465-S2en : 2006-06 Transmission protocol for Alarm signals/messages, Amendment S2: Protocol extension for connection to networks of the TCP protocol family

VdS 2135en : 2008-06 Graphic Symbols for Alarm Systems

Operating

VdS 2182enM : 2004-11 Log Book for Fire Detection and Fire Alarm Systems - Specimen -

Water Extinguishing Systems

Planning and Installation

VdS CEA 4001en : 2008-11	Sprinkler Systems, Planning and Installation
VdS 2106en : 2003-05	Spark Detection, Spark Separation and Spark Extinguishing Systems, Planning and Installation
VdS 2108en : 2005-09	Foam Extinguishing Systems, Planning and Installation
VdS 2109en : 2002-06	Water Spray Systems, Planning and Installation
VdS 2109-S1en : 2005-08	Water Spray Systems, Planning and Installation, Temporary Regulation SP 1/2005
VdS 2815en : 2001-03	Interaction of Water Extinguishing Systems and Smoke and Heat Extractors, Leaflet concerning fire prevention

Operating

VdS 2212enM : 2007-08	Log Book for Water Extinguishing Systems - specimen -
VdS 2091en : 2007-10	Maintenance of operational readiness of water extinguishing systems, Leaflet

Gas Extinguishing Systems

Planning and Installation

VdS 2093en : 2009-06	CO2 Fire Extinguishing Systems, Planning and Installation - scheduled -
VdS 2304en : 1998-12	Local application protection for electric and electronic equipment, Planning and Installation
VdS 2380en : 2009-06	Fire Extinguishing Systems using non-liquefied Inert Gases - scheduled -
VdS 2381en : 2009-06	Fire Extinguishing Systems using Halocarbon Gases - scheduled -
VdS 3527en : 2007-01	Inerting and Oxygen Reduction Systems, Planning and Installation
VdS 5493en : 2006-12	Calculation programs for the dimensioning of gas extinguishing systems

Operating

VdS 2240enM : 2008-03	Log Book for Gas and Powder Extinguishing Systems - Specimen -
VdS 2893en : 2006-09	Maintenance of operational readiness of fire extinguishing systems with gaseous extinguishing agents, Leaflet
VdS 3518en : 2006-07	Guidelines for Safety and Health Protection in Connection with Gas Extinguishing Systems

Smoke Exhaust Systems

Planning and Installation

VdS CEA 4020en : 2003-11	Natural Smoke and Heat Exhaust Ventilation Systems (NSHEVs), Planning and Installation
VdS 2815en : 2001-03	Interaction of Water Extinguishing Systems and Smoke and Heat Extractors, Leaflet concerning fire prevention

Security

Security Guidelines, Concepts

VdS 0691en : 2003-12	Security Guidelines for Households - Burglary
----------------------	---

Physical Security Technology

VdS 2350en : 2005-11	Key Deposit Boxes (KDB), Planning, Installation and Maintenance
VdS 5004en : 2008-11	Repair and subsequent modification of safes and strongrooms, technical information
VdS 5012en : 2008-03	Minimum weight and mounting/anchoring of free-standing safes, technical information

Intruder Alarm, Video Surveillance and Access Control Systems

Planning and Installation

VdS 2135en : 2008-06	Graphic Symbols for Alarm Systems
VdS 2465en : 1999-03	Transmission protocol for Alarm Systems (AS)

Testing and Certification

Fire Protection Concepts

- VdS 2562en : 1997-06 VdS-Approval of new Extinguishing Techniques, Procedures (Draft)
 VdS 3115en : 2009-06 VdS-Approval of New Protection Concepts, Procedures

Components, Devices and Systems

Procedures

- VdS 5051en : 2008-03 Certification VdS European Standard for products, systems and services as well as attestations of conformity, technical information
 VdS 5049en : 2008-03 VdS Approval of products, systems and services, technical information
 VdS 2344en : 2005-12 Testing, Approval and Evaluation of Conformity of Equipment, Components and Systems for Fire Protection and Security Technologies, Procedures
 VdS 2841en : 2005-12 Performance of product surveillances, procedures

Requiements and Test Methods

Fire Detection and Alarm Systems

Systems, Control and Indication Equipment, Energy Supply

- VdS 2203en : 2001-03 Software for Fire Prevention and Security Technology, Requirements and Test methods
 VdS 2102en : 2001-07 Maintenance-free Lead Acid Batteries for Alarm Systems, Requirements and Test Methods

Other Products

- VdS 2105en : 2005-11 Key deposit boxes (KDB), Requirements for system components
 VdS 3515en : 2007-06 Smoke Alarm Devices using Radio Links, Requirements and Test Methods

Water Extinguishing Systems

- VdS 2100-27en : 2009-10 Deep Sprinkler Water Shields, Requirements and Test Methods
 VdS 2100-06en : 2004-01 Pipe Joints, Requirements and Test Methods
 VdS 2100-25en : 2008-01 Concealed and Recessed Sprinklers, Requirements and Test Methods
 VdS CEA 4033en : 2007-10 Waterbased spark extinguishing devices in ducts, Requirements and Test Methods

Physical Security Technology

Locking Cylinders, Locking Systems

- VdS 2156en : 2007-09 Locking cylinder with individual locking function, Requirements and test methods
 VdS 2156-2en : 2007-09 Locking Cylinders with Individual Locking Function, Part 2: Electronic Locking Cylinders, Requirements and Test Methods
 VdS 2386en : 2007-11 Locking Systems, Requirements and Test Methods

Other Products

- VdS 2105en : 2005-11 Key deposit boxes (KDB), Requirements for system components
 VdS 2597en : 2007-10 Locks for Bicycles and Motorcycles, Requirements and Test Methods

Safes and Strongrooms Accesories

- VdS 2396en : 2005-09 High Security Locks for Secure Storage Units, Requirements and Test Methods
 VdS 2264en : 2008-08 IAS Surveillance Measures for Safes & Strongrooms, Requirements and Testmethods

Electrical Security Technology (IAS, VSS, ACS)

Systems, Control and Indication Equipment, Energy Supply

- VdS 2227en : 2002-05 Intruder Alarm Systems, General Requirements and Test methods
 VdS 2110en : 2003-01 Protection against environmental influences
 VdS 2347en : 2002-01 Integrated Alarm Systems, Requirements
 VdS 2203en : 2001-03 Software for Fire Prevention and Security Technology, Requirements and Test methods
 VdS 2252en : 2003-12 Control and Indicating Equipment (CIE) of classes B and C, Requirements
 VdS 2102en : 2001-07 Maintenance-free Lead Acid Batteries for Alarm Systems, Requirements and Test Methods
 VdS 2195en : 2001-04 Class A Power Supply Units for Intruder Alarm Systems, Requirements

Detectors

VdS 2117en : 2002-03	Infrared Light Beams, Requirements
VdS 2120en : 1996-03	Opening Detectors, Requirements
VdS 2269en : 1996-09	Stroke Plate Contacts, Requirements
VdS 2270en : 2002-03	Alarm Glasses for Intruder Alarm Systems, Requirements
VdS 2271en : 2007-12	Hold-up Trigger Devices for Intruder Alarm Systems, Requirements
VdS 2312en : 1999-12	Motion Detectors for Intruder Alarm Systems, Requirements
VdS 2332en : 2002-04	Glass Break Detectors for Intruder Alarm Systems, Requirements
VdS 2480en : 2007-05	Vibration detectors, Requirements
VdS 2482en : 1998-01	Capacitive Proximity Detectors, Requirements

Signalling Devices

VdS 2301en : 2001-07	Visual Warning Devices for External Alarm For Intruder Alarm Systems, Requirements
VdS 2300en : 2001-07	Audible Warning Devices for External Alarm for Intruder Alarm Systems, Requirements

Alarm Transmission

VdS 2471en : 2005-10	Transmission paths in Alarm Transmission Systems (ATS), Requirements
VdS 2463en : 1995-05	Alarm Transmission Equipment for alarm signals (ATE), Requirements

Other Products

VdS 2116en : 2008-06	Junction Boxes, Requirements
VdS 2119en : 2003-12	Ancillary control equipment (ACE), Requirements
VdS 2264en : 2008-08	IAS Surveillance Measures for Safes & Strongrooms, Requirements and Testmethods

Hazard Warning Systems

VdS 3431en : 2005-07	System requirements for Hazard Warning Systems (HWS)
----------------------	--

Companies

Procedures

Installers and Specilized Companies for Fire Protection Systems

VdS 2863en : 2004-09	Issue of certificates with company logo, Leaflet
----------------------	--

Quality Management Systems

VdS 2522en : 2002-03	Requirements for the performance of a main assessment according to DIN EN ISO 9001:2000, Leaflet
VdS 2836en : 2007-11	Notes on the certification and surveillance of quality management systems for companies with subsidiaries, Leaflet
VdS 2343en : 2009-02	VdS-Certification of Quality Management Systems, Procedures

vfdb Guidelines

vfdb 10-01en : 2005-07	Evaluation of Harmful Concentrations in Fire Service Operations (Guidelines of Vereinigung zur Förderung des Deutschen Brandschutzes - vfdb)
vfdb 10-02en : 2002-12	Fire Brigades in Bio-Operations (Guidelines of Vereinigung zur Förderung des Deutschen Brandschutzes - vfdb)

About VdS

Company's Profile

VdS 5490en : 2009-05	The Inspection Services
VdS 5495en : 2007-12	Confidence through safety and security

Basic and User Information

Fire Detection and Alarm Systems

VdS 5477en : 2004-03	Key deposit boxes
----------------------	-------------------

Security

VdS 5447en : 2008-03	Your New Home
